

ACTIVITY - 7

Q-1. Estimate the following product :

1. 45×32

45 round off to nearest $10 = 50$

32 round off to nearest $10 = 30$

$$\begin{array}{r} 45 \longrightarrow = 50 \\ 32 \longrightarrow = \underline{x \ 30} \\ \hline 1500 \end{array}$$

2. 645×5

645 round off to nearest $100 = 600$

$645 \longrightarrow = 600$

$5 \longrightarrow = \underline{x \ 5}$
 3000

3. 524×62

524 round off to nearest $100 = 500$

62 round off to nearest $10 = 60$

$$\begin{array}{r} 524 \longrightarrow = 500 \\ 62 \longrightarrow = \underline{x \ 60} \\ \hline 30000 \end{array}$$

4. 169×53

169 round off to nearest $100 = 200$

53 round off to nearest $10 = 50$

$$\begin{array}{r} 169 \longrightarrow = 200 \\ 53 \longrightarrow = \underline{x \ 50} \\ \hline 10000 \end{array}$$

5. 81×67

81 round off to nearest $10 = 80$

67 round off to nearest $10 = 70$

$$\begin{array}{r} 81 \longrightarrow = 80 \\ 67 \longrightarrow = \underline{x \ 70} \\ \hline 5600 \end{array}$$
