- **Answer the following questions.**

Q1. How much money did Dr Armstrong take from Andrew's parents for the operation?

Ans. Dr Armstrong did not take any money from Andrew's parents because he knew that they could not afford his treatment.

Q2. What did Tess do with her money?

Ans. Tess put her money into a purse and went to a drugstore to buy a miracle.

Q3. Why was the chemist annoyed?

Ans. The chemist was annoyed because Tess was standing near the counter while he was having a deep conversation with his brother.

Q4. Dr Armstrong says, 'A dollar and eleven cents- that's the exact price for a miracle for your little brother.' Why did he say that it was the exact price?

Ans. Dr Armstrong a dollar and eleven cents was the exact price for the miracle because Tess told him that she had exactly that amount of money to pay for it.
