

Xmas Tree

Follow the steps to make the Xmas tree.

Step 1

Take a chart paper and fold it in a conical shape. Cut it from its bottom to make it round.

Step 2

Take light green and green crepe papers and cut them into strips.

Step 3

Fold all the strips from their centre.

Step 4

Start pasting folded strips from the bottom of the cone using glue as shown.

Step 5

Add more folded strips as shown.

Step 6

Cut a star from the chart paper and colour it yellow and spread glitters as shown.

Step 7

Add star at its top and decorate the Xmas tree using sequins as shown.
