

**PARAGON CONVENT SCHOOL**

**CLASS – 2**

**CHAPTER – 16**

**AIR AROUND US**

**SUMMARY**

Air is all around us.

We cannot see, smell or taste air. We can only feel it.

Air keeps plants, animals and human beings alive.

Candle and fire also need air for burning

We should keep the air clean.

**B. True False**

1. False          2. True          3. True          4. False          5. True

**Note: Do the following work in your notebook.**

**Difficult Words**

- |            |          |
|------------|----------|
| 1. Alive   | 2. Pores |
| 3. Breathe | 4. Gills |
| 5. Burning | 6.Flame  |
| 7. Smoke   |          |

**Question – Answers**

Q1. Write two ways in which we can keep air clean.

Ans. Two ways to clean air are:

1. Do not burn firecrackers.
2. Plant more trees.

Q2. Why air is important to us?

Ans. Air is very important to us as it keeps human beings, plants and animals alive on the Earth.

Q3. Why the flame of a candle goes out when we cover it with a glass?

Ans. The candle needs air to continue burning. When we cover it with a glass it stops getting air that is why the flame of the candle goes out.
